

Manual dispenser

Blendorama Series II

PRODUCT INFORMATION

- The perfect manual solution
- Angled nozzles® for non VOC
- “Lock in gauge” dispensing
- Robust and reliable
- Precise performance
- High level of repeatability

The Blendorama Series II is the perfect solution for your tinting requirements; robust, low maintenance, and easy to use, yet highly accurate with consistent repeatability to 1/384th of a fluid ounce.

There are 3 ranges, which can be configured to complement the specific needs of your operation:
22X- Compact to suit smaller stores.
23X- Ideal for medium size paint & home decorating stores.

53X- For high volume stores.

Available in 2 & 5 fl.oz., single or double pump configurations, with canister sizes from 1.75 to 5 liters.

Many dispense and machine options are available. Whatever the dispensing requires, we can configure a Blendorama to meet your needs.
