

Automatic dispenser

Xfast® dispenser

PRODUCT INFORMATION

- Powder (granulate) dispenser
- Optimized for POS applications
- Gravimetric feedback
- Up to 20 components
- High speed dispensing
- Compact design

The Xfast® dispenser is a revolutionary development bringing our dispense expertise together with granulate colorants. Save between €250/500 a year through f.e.: reduced maintenance, zero waste, unlimited shelf life, zero miss tints or zero drying out of colorants.

The Xfast® dispenser provides an alternative in the very rapidly changing market of non VOC colorants point of sale tinting. With the legal changes in the European Community regarding VOC emission levels the Xfast® dispenser answers the need for a next generation dispenser.

Revolutionary through its design with a combination of unmatched accuracy (gravimetric feedback) and speed (by dispense screw).
