FLATSCREEN PICTURE IMPROVEMENT

Subject: Hazy letters on your flatscreen display of the dispenser.

Solution: Change JP8 like in the picture below.

How: Switch off the computer and take the cover off.
Take the card out of the computer and look at the JP8
If it is not in the position like in the picture then change it over.
If the jumper is in the position like in the picture then it is set optimal.

See also the settings of the Dip-Switch in the picture.
The setting must not be changed and should be like in the picture.
